Mr. Moy

About Me

I am new to DT. I'm from Killarney where I was a counsellor and Science teacher for the past 15 years. I made the move because a new environment can help me grow. I'm a big believer in having a growth mindset.

Being a dad is a big and fun part of my life. I also enjoy travelling and going for walks with a coffee in hand!

Education

BSc in Zoology
BEd in Secondary Education
Diploma in Guidance Studies
